

# D-ACES Framework Proposal and Analysis

**conclusion**

1. By building on the previous attempts, if any of them demonstrate positive performance, what kind of new competitive framework can be proposed?

(c) What limitations does the new framework have?

- Insufficient discussion on hyperparameter settings
- Limited exploration of loss function design for the explainer
- Lack of consideration for adversarial resilience and robustness.

# D-ACES Framework Proposal and Analysis

## Conclusion

1. By building on the previous attempts, if any of them demonstrate positive performance, what kind of new competitive framework can be proposed?
  - (c) What limitations does the new framework have?
    - ⦿ Insufficient discussion on hyperparameter settings
    - ⦿ Limited exploration of loss function design for the explainer
    - ⦿ Lack of consideration for adversarial resilience and robustness.
