

Analysis of Performance and Influencing Factors in NVA SE

conclusion

1. Within the framework of INVASE, how do the following factors influence the explainer's ability to identify relevant features while discarding irrelevant ones?

A. Does longer training improve the explainer's performance? If not, how does it affect the results?

- Longer training does not necessarily result in better performance
- Affection to the concerned metrics:
 - may converge to a certain value
 - may improve with longer training
 - may get worsen
